HOW TO MAINTAIN YOUR JOY
How to Enjoy the Rest of Your Life - Part 7 of 12
Philippians 3:1-11
Rick Warren

Why is it that so many Christians lose their joy? They start off great. They are so filled with enthusiasm and love. When they first become a Christian everything is fantastic. But as time goes by they seem to spring a leak and the joy drains out of them. I meet a lot of Christians who are just mumbling through life -- no real joy in their life.

There are a lot of kill joys in life -- things that will rob you of joy. Today I want us to look at what Paul has to say about "How to Maintain Your Joy".

This is a recurring theme in the book of Philippians. Paul talks about joy seventeen different times in this book. He keeps returning to this point, repeating himself. This is a good teaching tool.

v. 1 "Finally, my brothers, rejoice in the Lord! It is no trouble for me to write the same thing to you again, and it is a safeguard for you." Paul is concerned about the joy of the Philippians -- that they don't lose their joy.

In this passage he gives us three safeguards on how to maintain your joy.

1. RESIST LEGALISTIC ATTITUDES

Legalism is a kill joy. It destroys the joy in your Christian life. It can ruin a family, people, churches.

Legalism is substituting rules and regulations for my relationship to Christ. It comes in very subtly as a believer. It gets the focus off what God has done for you and gets the focus on what you have to do for God. When you flip the focus around like that, you're going to lose your joy.

This has been a problem for thousands of years. In the early New Testament times the legalizers were called Judaizers. These were a group of people who said, "Yes, believe on Jesus Christ, trust Him with all your heart but there are also some other things you must add onto your faith." Christ plus works. They said they must keep every one of the Jewish laws to be a believer -- the Sabbath laws, circumcision, dietary laws, etc. Whenever Paul heard about the Judaizers, he got furious. He said they were completely wrong.

In Philippians 3, Paul is attacking the Judaizers who are trying to steal the joy of the Christians in Philippi. V. 2-3 "Watch out for those who do evil, those dogs, men who insist on cutting the body. We worship God by His Spirit, and rejoice in our life in Christ Jesus. We do not put any trust in external circumstances."

When we think of dogs, we think of warm, cuddly pets. In the New Testament times dogs were not pets. They were wild scavengers that would attack human beings. It was the worst thing you could think of to call somebody a dog.

SAFEGUARD #1: LIVE EACH DAY BY GRACE

Grace is the key to joy. The two words go together. They have the same root word in Greek. To realize that everything God does in you and through you is by grace, rather than working for it and earning it. Grace is the secret of joy.

Paul uses his life as an example. Paul was the super-star legalist before he became a believer. He had tried the rules and regulations way and it didn't work. v. 4 "Though I myself have reason for such confidence. If anyone else thinks he has reason to put confidence in the flesh, I have more. Circumcised on the eighth day, of the people of Israel, of the tribe of Benjamin, a Hebrew of the Hebrews. In regard to the law, a Pharisee. As for zeal, persecuting the church. As for legalistic righteousness, flawless." Paul says if you want to compare list, he has them beat by a long shot. He was super legalist. He gives us five examples of legalism we can apply today.

How do you know when you're falling into the trap of legalism:

- 1) You begin to trust in rituals. Paul says "I was circumcised on the eighth day, of the people of Israel." We have our own rituals today. Baptism, communion, catechism, baby dedicated. If you fall into this trap, trusting these for your salvation, you're in trouble.
- 2) Don't trust in race. "I was of the people of Israel, of the tribe of Benjamin." Benjamin was the purest tribe. Paul was named after the first king, Saul, who was a Benjaminite. Paul says he used to trust in his heritage. Have you ever heard anyone say, "Daddy's a Christian... My mom was a believer... My uncle was a pastor." You can get religion by osmosis but you can't get Christ by osmosis.
- 3) Don't trust in religion. "I was a Hebrew of Hebrews". Paul was a religious person. Jesus has nothing to do with religion except He's 100% opposed to it. Religion is man's attempt to get to God. Works. Jesus Christ is God's attempt to get to man. That's a relationship and that's a big difference. No denomination has a copyright on truth or a patent on God.
- 4) Don't trust in rules. "In regard to the law, I was a Pharisee." Paul kept all the rules. We think of the Pharisees as hypocrites but there were some genuine, sincere ones. They were the spiritually elite of that age. They took the Ten Commandments and expanded them into 619 other commandments. And they were legalists! A Pharisee would not even eat an egg if it were laid on the Sabbath, because that was considered work. If he got bit by a mosquito on the Sabbath, he would not scratch because that was considered work. A Pharisee would not allow a woman to look in a mirror on the Sabbath because she might see a grey hair and pull it and that would be considered work. They were pros at rules and regulations.
- 5) Don't trust in reputation. "As for zeal and legalistic righteousness, I was faultless." Today we have people saying, "I read the Bible, I witness, I go to church..." That's legalism. The point is there is nothing wrong with any of these things. The problem is thinking that they give me points with God. And they don't. He loves you unconditionally.

Romans 14:17 "For the kingdom of God is not a matter of eating and drinking, but of righteousness, peace, and joy in the Holy Spirit." Paul said Christianity is not a matter of rules,

HOW TO MAINTAIN YOUR JOY

rituals and regulations. If the Christian life were a bunch of "don'ts" anybody that was dead would qualify as a Christian, because they don't do anything.

The Christian life is righteousness, peace and joy in the Holy Spirit.

2. REEVALUATE YOUR ACTIVITIES

A lot of people are looking for joy in all the wrong places. He compares the value of religion to the value of a relationship to Christ. There is no comparison. He had been a very religious person, but he was lost.

V. 7-8 "But whatever was to my profit I now consider loss for the sake of Christ. What is more, I consider everything a loss compared to the surpassing greatness of knowing Christ Jesus, my Lord, for whom I have lost all things. I consider them rubbish, that I may gain Christ."

The word "profit" is used one time. "Loss" is used three times. This is Paul's Profit and Loss Statement. All the things he talked about he considered complete loss, worthless. Phillips' translation: "I consider it all mere garbage compared to being able to win Christ..."

The translators here are being polite, delicate. "Garbage" and "rubbish" are not the words. The word in Greek is the word for "dung", "manure".

SAFEGUARD #2: KEEP YOUR PRIORITIES IN PERSPECTIVE

Know what is important, what is profit and loss. Don't lose your joy over things that really don't count. The number one reason people lose their joy is they misplace their priorities. They get too involved in things that really aren't that important.

Paul is saying that what matters most is not your prestige, pedigree, possessions, position or power. You can have it all and still be unhappy. Luke 12:15 "Watch out! Be on your guard against all kinds of greed. A man's life does not consist in the abundance of his possessions." Contrary to the Miller commercial, you can't have it all! In v. 8, Paul points out that life consists of trade-offs. That's an important lesson you must learn in life. He said he gave up something in order to gain something else. He gave up his religion in order to have a relationship.

As I said, the number one reason why people don't have joy is misplaced priorities. They are afraid that they are going to have to give up something in order to become a Christian. And they're right! When you come to Jesus Christ you give up everything you've got. Otherwise you're not a real Christian. It is total commitment. And then you've never had it so good! What I got is worth more than everything I gave up. You give up guilt and gain a clear conscience. You give up worry and gain a power for living. You give up frustration and lack of purpose in life and gain real meaning and purpose in life. You give up going to hell and gain going to heaven. You gave up trying to solve all your problems in your own power and gain having the resources of God to help solve your problems. That's a pretty good trade-off!

HOW TO MAINTAIN YOUR JOY

Jim Elliot said, "He is no fool who gives up what he cannot keep for that which he cannot lose."

What are you afraid of giving up for God? If you become a Christian, get really committed to Christ, really live for Jesus Christ, what are you afraid is going to change in your life that you don't want to give up? Whatever that is, that is the very thing that is robbing your joy.

3. REFOCUS YOUR AMBITIONS

Lasting joy comes from knowing Christ better and better. V. 10 "I want to know Christ and the power of His resurrection and the fellowship of sharing in His suffering, becoming like Him in His death."

Paul says his number one goal in life is to know Christ better and better. How well do you know Jesus Christ? I know a lot of Christians who have been Christians, 5, 10, or more years and they really don't know Jesus Christ well. The word "know" in the Greek is the word "yada". It means to know intimately, experientially. It is the same word used when Greeks translated the Old Testament where it says "Adam knew Eve" and she had a child -- that kind of knowledge. It's the same word in the New Testament in the verse that said Joseph did not know his wife until Jesus was born.

The Amplified version describes this value more clearly. "For my determined purpose is that I may know Christ -- that I may progressively become more deeply and intimately acquainted with Him, perceiving and recognizing and understanding Him more strongly and more clearly." This kind of knowledge is personal and progressive -- it's continual and ongoing.

There is a big difference between knowing and knowing about.

SAFEGUARD #3: GET TO KNOW CHRIST BETTER AND BETTER.

Never stop growing and developing your relationship with Christ. The moment you stop growing, you're going to lose your joy. So many Christians stay too close to where they "got in" to the Christian life. They haven't grown one bit since they made that initial decision. They don't have any joy.

How do you get to know God in a personal way?

1) Time. It takes time to know anybody, to develop a relationship. It takes time to get to know God. You need to spend time alone with God to get to know Him. Set down with your Bible, read it, pray, talking with God about your wants and needs, listening to tapes, spending time with God and letting Him talk with you through His word. You can't develop a relationship in a crowd. The only time many Christians ever think about Jesus Christ is in a crowd, when they are with other Christians. They need to develop the relationship on their own, one on one.

2) Talk. It takes talk. You must talk to God. Pray. Relationships require communication. Listen to Him talk to you as you read His book, the Bible. John 16:24 "Until now you have not

HOW TO MAINTAIN YOUR JOY

How to Enjoy the Rest of Your Life - Part 7 of 12

asked for anything in My name. Ask and your joy will be complete." Much prayer, much joy in your life. Little prayer, little joy. No prayer, no joy.

3) Trust. Relationships are built on trust. God wants you to learn to trust Him. He will allow all kinds of problems in your life so you can learn that He is reliable all the time. God is reliable in every situation. He can be counted on to be faithful. I didn't learn this overnight. That is learned from years of going through problems and seeing God pull me through it and work them out. You only learn this experientially. As you go through problems you learn to trust God because you realize as He pulls you through each one of them that is another area you can trust God.

Paul says that his number one ambition in life is to know Christ at the end of his life. He's in jail in Rome. He's getting ready to die. He knew Christ already, but he wanted to know Him even better.

Are you losing your joy? Have you lost it? Has your Christian life become routine, no spark, no original freshness you had when you first met Jesus Christ? If so, which of these three kill joys are the culprit?

Legalism? Have you slowly substituted rules and regulations for a relationship to Christ? If I do these certain things and activities and if I avoid these others then God will think well of me. "Ify" Christians. If I do this, God will accept me. If I do this, God will love me. God loves you just as much on your bad days as He does on your good days. His love is unconditional. Legalism seeps into our lives and chokes the joy.

Maybe some of you have never really put your trust in Jesus Christ. You are a religious person, a good person, a moral person. You go to church, but you've never put your trust in Jesus Christ. We think if our bad works are a minimum and are good works outnumber them then we will make it. But God doesn't grade on a curve. He judges by a perfect standard -- Jesus Christ. To be good enough to get to God you'd have to be as good as God.

Maybe you've been like Paul, trusting rituals. You were baptized as a kid... Never confuse the symbol with the substance. That never builds a relationship with Christ.

Maybe you've never trusted Christ because you're a religious person. You're trusting religious heritage. Maybe you're trusting in keeping the rules. But Paul says when it comes to knowing Christ none of that really counts.

In all of the religious accomplishments Paul mentions in verse 4, God is not mentioned once. You can be religious and not know Christ. If you have religion and no relationship, you don't have Christianity, you have churchianity. There's a difference. The answer to your problems and America's problems is not religion. It is a person, Jesus Christ.

Materialism can take your joy away too. What does your spiritual Profit and Loss sheet look like? What are you really living for? A game came out a few years ago Trivial Pursuit. That name describes how a lot of people live. Spending their lives on things that won't last. Acts 27 has a story of a ship that was beginning to sink. In order to be saved they took the very cargo

HOW TO MAINTAIN YOUR JOY

How to Enjoy the Rest of Your Life - Part 7 of 12

they were carrying and threw it overboard to save the ship. That is a parable of life. The very things we're carrying through life we have to let go of in order to really experience life and save our lives. What do you need to let go of.

A life without purpose is a killjoy. Maybe you've tried everything else and not found happiness. People are looking for joy in all the wrong places. Joy comes from knowing Jesus. It begins with a decision to say, "God, I want to know You personally." Set as a goal in your life to get to know Jesus Christ.
